

***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/08/2010 has been entered.

***Information Disclosure Statements***

The following is a quotation of 37 CFR 1.98 Content of information disclosure statement:

(a) (3) A legible copy of:

(i) A concise explanation of the relevance, as it is presently understood by the individual designated in § 1.56(c) most knowledgeable about the content of the information, of each patent, publication, or other information listed that is not in the English language. The concise explanation may be either separate from applicant's specification or incorporated therein.

(ii) A copy of the translation if a written English-language translation of a non-English-language document, or portion thereof, is within the possession, custody, or control of, or is readily available to any individual designated in § 1.56(c)

Specifically, the IDS filed 11/08/2010 referenced non-English-language documents. The IDS filing failed to include either a concise explanation of the relevance of the non-English-language documents or English-language translations of the non-English documents. As neither pieces of information were supplied, Examiner was unable to consider the non-English-language documents. The Examiner requests that Applicant submit the required information as referenced above in order for the complete IDS submission to be considered. Examiner directs applicant's attention to MPEP §609.04 (a) (III) for guidance on resolving this issue.
